More in It.

Governor Stephens in a recent after-dinner speech in which he touched on the peace conference remarked that a great many people thought a lot of money was being wasted over there. "Like the two shop girls I overheard one day:

"Said the first:
"Gee, then peace conference guys take a long time to do anything. I wonder if they get paid by the hour?"
"Naw," retorted the other, scornfully, "they don't get paid by the hour. It's peace work, ain't it?"

Proved Truth of Saying.

The saying, "United we stand, divided we fall," comes from one of Aesop's fables called "The Four Oxen and the Lion." Four oxen were attacked by a lion. They were safe when they turned their tails together, and presented their horns, but when they separated the lion killed them singly.

Auto Service in Porto Rico.

Porto Rico is about 100 miles long by 40 miles wide, and autobus lines furnish satisfactory service in covering the parts of the country where railways are not available. For the benefit of tourists and others a daily automobile service connects San Juan, on the north, with Ponce, on the south of the island, a run of five hours.

Really Small Flats.

Verona was much impressed with her first night in a berth on a sleeper, and in relating some of the wonders of her trip remarked: "Why, Aunt Emma, the flats were so small we couldn't all live together. Myself and I slept in the first flat and daddy in the second flat."

Burmese Marriages.

A curious idea among the Burmese is that people born on the same day of the week must not marry. Hence each girl carries a record of her birthday in her name, each day having a letter belonging to it, and all children are called by a name that begins with that letter.

What You Make It.

"After all," a man writes, "life is merely the act of going to one's grave." Not much in that; it is hardly worth putting off. Life is long and full of interest, opportunity and pleasure. Life is abused unjustly and untruthfully.—E. W. Howe's Monthly.

Hadn't Fooled Helen.

Mother could not take Helen with her when she went downtown and was trying to slip away without her knowing it, so father called Helen to come to him, when she said, "I has to watch murrer, 'cause she's tryin' to run away."

Value of Uncooked Food.

Man cannot digest and assimilate the mineral elements in rock; hence it is necessary for him to get the elements for structural work from fruits and vegetables in their fresh, uncooked state; for cooking destroys the chemistry—the chemical synthesis with alabundia is lost.—J. H. Tilden, M. D.

Waiting in Agency.

At a recent wedding the bride was delayed a little in making her appearance. When at last she did appear she breathlessly ran up to the embarrassed bridegroom, who had been waiting for her in agony and putting her arms around his neck exclaimed: "Oh, John, dear, I am so sorry I am late."

Life Much as We Make It.

No person is ever condemned to a small life. Many are assigned to small circumstances, but our lives may be as large as we want them to be. For the only limits of life are aspiration, sympathy and interest.—Selected.

Don't You Forget It

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no pepper or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.
